## NEWS RELEASE

### **Eriez® E-Z Tec® Pharmaceutical Metal Detectors Ensure Exceptional Product Purity**

**Eriez® E-Z Tec® Pharmaceutical Metal Detectors** are designed for the detection and removal of minute pieces of ferrous, nonferrous and stainless steel contaminants. The system's compact gravity-fed design will accommodate space-restricted areas within tablet and encapsulation rooms.

Additionally, Eriez' user-friendly Pharmaceutical Metal Detectors feature a 5-minute quick start operation and a simple menu-driven electronic interface. This straightforward design makes Eriez' system easy to operate and will streamline IQ, OQ and PQ protocols. For no additional cost, Eriez also offers E-Z Link software for remote monitoring and control.

E-Z Tec Pharmaceutical Metal Detectors are engineered with an adjustable sensing head, a stainless steel support stand that is equipped with a gas assist lift, castors and a large product chute that can be removed without tools for easy cleaning.

For more information, e-mail or call Eriez and request brochure MD-207.

Eriez is recognized as world authority in advanced technology for magnetic, vibratory and inspection applications. The company's magnetic lift and separation, metal detection, x-ray, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, recycling, mining, aggregate and textile industries. Eriez manufactures and markets these products through ten international facilities located on six continents. For more information, call toll-free (888) 300-ERIEZ (3743) within the U.S. and Canada. For online users, visit [www.eriez.com](http://www.eriez.com) or send e-mail to [eriez@eriez.com](mailto:eriez@eriez.com). Eriez World Headquarters is located at 2200 Asbury Road, Erie, PA 16506
